

3 Courses

Introduction to Java as a
Second Language

The Java Language

Writing Java Application
Code

LearnQuest

Jan 26, 2021

Azmine Toushik Wasi

has successfully completed the online, non-credit Specialization

Java as a Second Language

In this Specialization, learners installed and configured their local Java environment including necessary tools and the Eclipse Integrated Development Environment (IDE). The specialization focused on Java features and functions and included many hands-on exercises to practice new skills and build fully functional Java web and mobile applications.

Jim is a master training
and practitioner in
technical subjects
surrounding
programming, including
Java, Agile/SAFe,
Blockchain and may
other topics.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
