Phase

Six Sigma Advanced Improve
and Control Phases

01.10.2020

Azmine Toushik Wasi

has successfully completed the online, non-credit Specialization

Six Sigma Green Belt

This specialization is for you if you are looking to learn more about Six Sigma or refresh your knowledge of the more advanced components of Six Sigma and Lean. Six Sigma skills are widely sought by employers both nationally and internationally. These skills have been proven to help improve business processes, performance, and quality assurance. In this specialization, you will learn proven principles and tools specific to six sigma and lean.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
